THURSDAY, NOV. 6, 1919.

MUNICIPAL AFFAIRS.

It is now drawing close to the time when the attention of the ratepayers should be given to municipal elections. Nominations for both the town council and the school board will be held the first Monday in December and the election, if one be necessary, on the Monday following. This year the term for the mayor and three members of the council expires. The retiring councillors are Messrs. Lavelle, Worts and Learmonth. Whether or not the mayor and the three retiring councillors are going to allow their names to go up for nomination again we do not know, but we think that in fairness to the electors this information should be forthcoming as soon as possible, so that the matter of securing possible candidates to fill the vacancies would not be left till the eleventh hour. On the school board Messrs. Patterson, Brown and Collard are the retiring trustees but from all we can gather on the streets the ratepayers are anxious that these men should be induced to stay on the board and be returned by acclamation.

AN ANNIVERSARY.

It was at the eleventh hour of the eleventh day of the eleventh month in the year 1918, that the armistice, which brought about the cessation of hostilities in the greatest war in history, was signed. Next Tuesday will be the anniversary of that memorable event. On that occasion we should all enter wholeheartedly into the fulfillment of the request made by the king by letting our minds revert back over the past year and dwell for a few moments on the event of twelve months ago which meant so much to our lives and the building up of a new civilization.

In that reflection we can find much for which to be thankful and in it we can find reasons for renewing our vows wherein we solemnly declared to consecrate ourselves and our lives anew to the better service of our empire, our country and our own town. That day will be the anniversary of one of the greatest days in history. Let it also be the anniversary of the awakening within us of a new idea or of duties and responsibilities as citizens of a great universe, a universe wherein the principal of the brotherhood of man shall have free course and be glorified.

A HEALTHY SIGN.

The result of the Cochrane election like the result in Ontario, and the bye-elections for the federal house, gives some idea of the growing feeling of independence among our people in things political. The fact that this independence is being demonstrated on all sides is a healthy sign. From it the farmers, who now appear to be on the up grade should take a lesson, because now that this independence is firmly established it means that the general public will not stand for any monkey business from the farmers any more than they will stand for it from other political organizations. Because of this we may reasonably now forward to periodical house cleaning in politics just as we look for to them in domestic affairs—at least until we get down

to a good clean house both in provincial and Dominion affairs. "There is a time in the affairs of man which if taken at the flood, leads on to fortune." That time appears to be dawning on the farmers. Whether or not it will lead on to fortune depends on the leaders and the farmers themselves.

WHEAT AND THE LOAN.

Everyone, with anything at stake in Canada annually watches the prospects of the wheat crop, and the prices it is likely to yield. He knows that on the returns of this commodity alone a great deal of the country's prosperity depends. If Canada's wheat is sold at good prices the returns flow into every channel of enterprise and industry. A drought or so ago the union chairman, Sir Thomas White, threw an important light on what the Victory Loans of the past two years had accomplished in connection with this item of national prosperity. Great Britain was and is Canada's greatest market for wheat; but by reason of the pressure exerted on her finances during the war, the motherland had been unable to and the ready money to purchase our surplus. The alternative was that Canada should lend her the cash, which returned to the pockets of the Canadian producer by the sale of the wheat surplus at high prices. The enormous importance of this item was shown by Sir Thomas when he said that in addition to our credits \$170,000,000 had been loaned to Great Britain in connection with the single commodity of wheat last year. Of course this would have been impossible if the Victory Loan of 1918 had not been a great success. The circulation of this great sum meant prosperity to vast numbers of Canada's and it the same system is to be continued Canadians must lend of the profits and savings with equal enthusiasm this year.

What is "true" in connection with the marketing of wheat is also true of every other commodity which Canada has to sell. It is, therefore, to be seen how much in every line of industry in Canada depends on the success of the Victory Loan.

For several years past Ireland has been clamouring for a parliament of its own. Lloyd George has offered two parliaments and still they are not satisfied. Sure it's just a fight the Irish want, it isn't a parliament at all. Parliaments are too tame an affair for the men of the scullion.

The Japanese naval program which provides for an expenditure of \$224,000,000, looks as though Japan intended to be the whole league of nations itself. Japan is making hay while the sun shines, and there is lots of sunshine in that country.

City aldermen are demanding more self government for the cities. This principle might be carried a little further and take in the towns, villages and rural municipalities. In most cases councillors and aldermen who meet frequently and are thus better posted in local affairs would have a better idea of the needs and requirements of their districts than would the legislators who meet once a year.

The Soviet government in Russia has passed a law to do away with Christian names and to substitute numbers instead. For instance it will be One. Two and Three Youskekevitch, instead of John, James and Mary. In Ireland republicans would cut the hair off all maidens who accept a British soldier for a beau. If Ireland and Russia had their way the fig-tree industry would soon be a flourishing business.

One of our ratepayers in the outlying district wants to know why the town snow plow takes

the middle of the street instead of the accustomed pedestrians' path.

Soldiers Problems
Again Before House

An interesting situation developed in parliament when Major Andrew, Commander Winnipeg, reported by H. A. MacKee, East Edmonton, moved an amendment to a motion made by Hon. J. A. Calder, for the adoption of the report of the special committee of the commons, which dealt with soldiers' problems and the general question of re-establishment. The amendment, stripped of its technicalities, calls for the substitution of the G. W. V. A. plan of re-establishment for that proposed by the special committee.

The meaning of the amendment is made clear when it is explained that the G. W. V. A. plan, according to the war veterans' calculations, calls for an approximate expenditure of \$200,000,000, whereas the committee report recommends an outlay of \$50,000,000.

S. Butler left last Tuesday for Ontario where he will visit friends for a few months.

American investors are subscribing to Canada's Victory Loan. They know a good thing.

The money subscribed to the Victory Loan will ultimately circulate in Canada to the benefit of all.

Private and public money is being put into Victory Bonds.

of the Dominion of Canada.

CANADA'S FUTURE
DEPENDS ON LOANSteady Employment and Prosperity
Hinge on Victory Loan

Canada's future prosperity depends to a great extent upon the success of the Victory Loan. The country can only gain trade within its own boundaries. Canada counts on the trade with Great Britain and other allied countries to keep the food of good times in the country.

The surplus products of the farm, and the factory and their way across the seas. The revenue of the farmer and the manufacturer is dependent on this trade relationship being sustained. The employment of man hands depends on the orders that come to the firm. The pay envelope only comes with steady employment.

Great Britain and overseas countries are vitally desirous of continuing trade relations, but, overwhelmed with war expenses, they must be given credit for the time being. The farmer and the manufacturer must be paid for their products and manufactured articles in cash. Therefore, Canada must finance the proposition to keep the tide of commerce coming this way. But in order to have the money on hand to do this great thing, Canada must borrow from her people.

The Victory Loan offers bonds to subscribers paying a 4 per cent interest. The guarantee behind the bonds makes them an absolutely safe investment. Victory bonds are accepted as collateral at any bank, and can easily be turned into money at a profit. It is then to the interest of every Canadian to subscribe for all the Victory Bonds he can, for it is profitable, it is patriotic, and it is necessary for the continued prosperity of the country.

CANADA NEEDS MONEY

War Expenditures Still to Be Met
From Proceeds of Victory Loan

The war is over now, but Canada's main expenditures for war will not be completed until the end of 1920. The \$150,000,000 raised so far has all been spent, \$400,000,000 having been largely devoted to soldiers—maintaining them, bringing them home, providing for their very medical services, training them. Most of the balance of the loan was lent to Great Britain to enable her to buy our surplus products. And money is still necessary for our soldiers, for providing markets for our surplus products, for the needs of reconstruction. And that is why another Victory Loan is needed. Canada still needs money, and needs it badly.

A Good Investment.

Speculation is one thing. Investment is another. The Victory Loan is a citizen's want an investment, not a speculation. And for every man who invests in the Victory Loan, that investment is a good one. Because behind every investment there is the national wealth of Canada—a wealth so great that it staggers the imagination.

Canadian Bank Clearings. That Canada is well able to support the Victory Loan is clearly shown by the Canadian bank clearings for the current year. They indicate that the year's total will exceed \$700,000,000 compared with \$577,000,000 in 1918. The bank's total clearings should be three times those of 1909.

Must Subscribe More

Dividing the people of Canada into three classes the Victory Loan comparatively poor, the moderately wealthy, and the very wealthy—it would seem that if contributions to the Victory Loan constitute service to the nation, the moderately wealthy class is hardly doing its share. Of the money subscribed to the Victory Loan 1918, two hundred and seventy-one million dollars were in bonds of \$5,000 and under, ninety-four millions in bonds of between \$5,000 and \$25,000, and three hundred and one million in bonds of \$25,000 and over.

Be true to yourself. Buy Victory Bonds.

You did it before. You can do it again. Buy Victory Bonds.

Canada pledged her last man and her last dollar. Would you let her pledge in Victory Bonds.

If the fighting were still raging, you wouldn't hesitate to buy Victory Bonds.

To make the Victory Loan a success is a national obligation. It may be that you are the deciding factor.

If you are concerned about the future welfare of Canada, buy a Victory Bond and make it a sure thing. Don't forget the future of your children. Lay a good foundation with a Victory Bond.

Would you lend a soldier \$50 if you knew it would save his life? Buy Victory Bonds and keep the military hospitals up.

If you appreciate a good investment, you will buy a Victory Bond.

You desire no one but yourself when you say you can't afford a Victory Bond.

Victory Loan 1919 is Bridge
Between War and Peace.

Agricultural and Industrial Prosperity of Canada Depends on Success of the Loan

Why is it necessary to have another Victory Loan? Have you heard this query? Or have you asked it? The Victory Loan of this year stands out as the bridge between war and peace. The war is over. Our boys went back. The reconstruction period is dawning and we at home must win that.

Each dollar of money that Canada is asking for will be needed to clean up the war debt. The expenses of demobilization were heavy, and there is still much of it unpaid. Now that our men are back, let it not be said that we repaid the debt for bringing them back.

The sick and wounded soldiers still in hospitals are expecting that Canada will care for them and their dependents until they have been returned to health and strength. The hospital services must be maintained at full strength as long as there are returned men needing attention.

Many men through disability are unable to return to their pre-war occupations. The Department of Soldiers' Civil Re-establishment is doing a fine work in training returned soldiers in trades and professions that they can earn a living at, and to re-educate them in such a way that they obtain remunerative employment. The maintaining of this branch of reconstructive service calls for much money, and the Victory Loan will be used to pay for it as well as the other purposes.

Under the Soldiers' Land Settlement Act, enough money is lent to returned soldiers to enable them to buy and stock a farm. This money will be repaid at a low rate of interest. The soldier is thus given a chance to recast himself in civil life, and production is given a boost. Of the total amount of the forthcoming loan, \$24,000,000 has been earmarked to finance these soldier-farmers.

Pensions to the disabled and dependent members of our armed forces as the authorized gratuities will be other items on the expense sheet. There are some of the obligations to the armed soldier who is now in health.

The maintaining of Canada's prosperity is an important reason why the Victory Loan should be a smashing success. The money is needed to finance the credit to overseas countries so that they may continue their trade relations with us. If Canada cannot maintain its credit with other countries, will, and then Canada will lose all that great overseas trade that has been the backbone of our agricultural and industrial life for so long.

As an investment Victory Bonds are eminent. Paying a 4 per cent, selling at a premium on the open market, and guaranteed by the Dominion—these are the reasons why you can't have too many. If you are a citizen, you have a duty to perform. The Victory Loan 1919 ought to be over-subscribed, and all right-thinking citizens will do their utmost to see that such a result is obtained.

TO CARE FOR WOUNDED

Money From Victory Loan Will Be Used to Re-establish Soldiers.

Our soldiers in France faced perils other than those of shell and gas and machine-gun fire. There was the danger of tuberculosis. In August last 3,500 soldiers suffering from this disease had been returned to Canada. These were placed in sanatoriums under the direction of the Department of Soldiers' Civil Re-establishment, and they are one of the departments of that branch that must be maintained, and come under the head of capital war outlay.

All of these men and some 20,000 others, disabled or ill, will be looked after with money raised through the Victory Loan 1919. It is the sacred duty of Canadians that the money is forthcoming.

Credits Must Be Established
for Sale of Surplus Products.

Success of Victory Loan 1919 Will Insure Steady Markets for Farmers.

It takes some six bushels of wheat to feed the average person in Canada annually. Roughly, therefore, the eight million people here consume about 50,000,000 bushels each year. In a year when the demand is about five times that amount, and the surplus must be sold if the farmer is to get a return for their time and labor. But the sale of the crop must be guaranteed. Great Britain, which provides our greatest market, has been badly hit, and so Canada must find means of raising the money. Hence the Victory Loan 1919. In view of the fact that the prosperity of the Dominion is dependent to a considerable extent upon the sale of her surplus grain the success of the money being forthcoming is patent.

Your dollar may be the last straw that sways the Victory Loan from the edge of failure. Would you take the chance of making it a failure?

Lend your money that your surplus may be always sold, as will follow the success of the Victory Loan.

Victory Bonds are the fodder that keeps the machinery of Canada's industrial world running at full speed.

Veterans May Form
A Political Party

Strong advocacy of the abolition of the clause in the charter of the Great War Veterans which excludes political action, marked the address of almost every speaker at the special meeting of the veterans, which was called on Sunday afternoon in the Grand Hotel in Calgary for the purpose of discussing the recent report against the cash bonus by the parliamentary committee in Ottawa. The meeting was attended by about 700 distinguished men, who listened to the various speakers of the afternoon with the greatest attention. The final resolution which was passed by the meeting protests against the insufficiency of the sum, and urges the Dominion commands to strike out the non-political clause in the charter. "We used to be told that the Government was going to give us the right to elect our own representatives to fight the politicians," said W. S. Wood, in the course of his address. "It is now the Government and the majority of the speakers during the afternoon."

Thinks Our Politics
Hard to Understand

The London, England, Times says: Dominion politics at present are very hard to understand, but it is very evident that there is a very strong reaction from the war veterans against the Government. It is in the Hughes and Ryan program of reconstruction that the Veterans' and the Hebert government in Ontario is to be the new farmers' party, and also: "It is always dangerous to judge the Dominion by provincial elections in Canada, but certainly the result of the Ontario election suggests doubt as to the strength of the Union party led by Sir Robert Borden. There is a rumor that the Canadian premier is during the war and must be feeling the effects of that labor, but he has a keen sense of public duty and will not permit his individual infirmities. It is doing so should the sacrifice of what he believes to be the best interests of his Dominion."

Planned to Seize
Government Buildings.

Bochevist plans for the seizure of Whitehall and of Westminster, were said early during the present year, but have just been disclosed. A number of extremists, most of whom are still engaged in Bolshevik propaganda in England and the United States, have discussed the plans for this pretentious undertaking, which they hoped would be executed by a co-ordinated action of soldiers and sailors.

One of the plotters has been sent to prison where he is still serving for having no revolutionary opinions. The plot came to naught because of lack of support and the watchfulness of a few authorities.

Silver Cross for
Mothers of Soldiers

Major-General Newburn, minister of militia, speaking at the reunion of the 10th battalion members at Victoria, announced that a silver cross, hung from a purple ribbon would be given to every mother who had lost a son in the war. Eight war memorials are to be erected to the memory of the Canadians who fell overseas. One of these would take the form of a field of records while others would be memorials commemorating the fallen.

Farm and Labor is
Dominion Politics

A coalition of farmers and labor in the federal election will be announced, according to James Simpson, secretary of the Ontario section of the Canadian Labor Party. Active members of the farmers' organization and labor groups, according to Mr. Simpson, decided four months ago that steps should be taken to bring both groups together.

Says Farmers Will
Deliver the Toilers

The Manitoba Grain Growers' Association has issued a manifesto stating that the farmers' political position is one that would deliver the toiler, whether on the land or in the city, from the injustice of the protective system and raise the standard of living all around that it is a moral protest against existing wrongs, but it is an economic program looking to more widespread prosperity and that it is a political platform proposing a more equitable and more extensive democracy.

A New Use for
The Aeroplane

The Department of Agriculture at Ottawa has discovered a new use for the aeroplane. The Entomologist is investigating the insect-pests of the province, and is using the aeroplane in many of the country can be surveyed in order to map out the enemy's areas and other breeding places that are easily located in photographs taken from the air. According to a statement by Dr. C. Gordon Hewitt, Dominion Entomologist, that appears in the *Oceanic Agricultural Gazette*, The aeroplane was used in making a comprehensive survey of the complex water system of the Fraser river and the adjacent bodies of permanent and temporary water in that district. A flight reported by Dr. Hewitt demonstrated the possibility of mapping the insect-pests of the river and the surrounding areas, and very greatly in the entomologist's work with various insects being carried on by the Federal Department of Agriculture.

MILLIONS OF FOLLOWERS.

It is established that "Common Clay" the Harvard prize play by Clives Kincaid, in which Jane Crow achieved one of her most notable successes, has been financed by more than five million persons. Under the direction of A. H. Woods, it ran for a full year as a Broadway attraction, playing to the capacity of the house. During the three years following it was interpreted by six companies throughout the United States and Canada and everywhere attracted large audiences. Now that A. H. Woods has produced a screen version of the American undercurrent, it is figured roughly that, in all, about ten or twelve million persons will watch it on the silver screen.

This wonderful picture may be seen at the Amuse-U Theatre here next Wednesday and Thursday, Nov. 12 and 13.

ITEMS OF LOCAL INTEREST

Just arrived, hand painted Niffon China at Hall's.

U. F. A. secretaries are convening in Calgary this week.

T. A. Hicks is on a business trip to Calgary this week.

Mr. and Mrs. R. L. Stone, of Strathmore, spent last week and in town, the guests of Mr. and Mrs. E. L. Stone.

High School Inspector Smith inspected the school here last week and reports everything in good condition.

P. O. McLean met with a painful accident while engaged at his work in the Rolling Mill. As a result he will be confined to the house for a few days.

Ladies' and children's black tights, Gibson & Tupper.

The heavy fall of snow last Saturday and Sunday and the continued cold snap makes it look as though winter had set in in earnest.

Dr. John Buchanan, a returned missionary from China, delivered an interesting address in the Presbyterian church last Monday night.

Scarfs and cap sets, also separate scarfs in brushed wool in desirable shades, Gibson & Tupper.

A glance over the Amuse-U theatre adv. will show that we are to have two exceptionally fine films on next week.

Mr. Emmanuel Pashkurt, one world famed militant suffragist, will lecture in the Fifth Avenue Memorial church on Friday evening of this week.

WANTED—A young lad to act as junior clerk. Apply at Royal Bank, Canada.

Joe Lindsay, who recently returned from overseas and has been on the coast, returned to the Box Springs district last week.

The Ladies' Aid of St. Ambrose church will hold a whist drive and social evening in the parish hall on Monday evening at 8 o'clock. Admission 25c. Everybody invited.

The Civic Improvement League will meet in Reid's hall on Wednesday afternoon, Nov. 12, at 3 o'clock. All members are requested to bring a needle and thread with them. A full turn-out is urgently needed.

Senator Prowse, of Charlottetown, P. E. I., and F. G. Harper, of Medicine Hat, were the guests of H. W. Harper last Saturday. While here they went out on a shooting trip and shot a nice big goose.

Blackish shading and circular pillow cotton, Gibson & Tupper.

E. Morton, of Calgary, a representative of the Soldiers' Civil Rehabilitation committee, was in town today on business in connection with that work.

Keep in mind the dance and buffet lunch in Reid's hall on armistice night under the auspices of the G. W. V. A. and L. A. Come out and celebrate the signing of the document which put an end to the great war.

FOUND—On Bradford way, on Tuesday morning, a weed chain for auto. Owner can get same at a office by paying for adv.

C. E. Collard is opening up barber shop in the old stand previously occupied by the late W. Cross, opposite the post office. He will open up for business next Saturday.

Gibson & Tupper's place to buy dry goods.

Mr. and Mrs. Peart, of Hagarville, Ont., stopped over here last week on their way to California to visit their old friends, Mr. and Mrs. J. Rutherford.

Get the latest Victor Records at the Drug store.

The winners for the bowling tournament at Mac's alley for last week were Geo. Worrie, H. E. King and J. Osgood. Another tournament is on this week. The prize for ten pins is a gold watch.

Notwithstanding the severe weather of the past week, good progress is being made on the construction or the addition to the Glass Plant here. The brick work has been slightly delayed on account of the weather but other work is progressing favorably.

Haily Syrup White Pine and Tar stops that rough.

STRAYED—From Redcliff, a dark brown horse, two feet out with wire, weight about 1,300 lbs. and on a high thigh half diamond over \$10.00 reward to anyone who will deliver same to John Evans, Redcliff.

Mr. and Mrs. Robt. Hamilton and family leave for Vancouver Friday where they will reside in future. Mr. and Mrs. Hamilton are well known in Redcliff as they were among the first to leave here after the town started. They leave behind them a number of warm friends who wish them every success in their new home.

Quality and fit are just as sure as Victory Bonds when you buy your clothing from the Hicks Trading Co.

DENTISTRY. Holidays are now over and I will be in my office every day. Get your teeth filled before the cold weather comes on and avoid tooth aches. J. CLARY WRAY, Sykes Block, Hours 9 to 5.

Black Silk Lustré Hose, Gibson & Tupper.

FIGS FOR SALE—A few pure-bred Duroc Jersey pigs, both sows, from six to eight weeks old, for sale. Also registered Duroc boar for service. A. Darragh, Bowell.

Since it now looks as though winter is here to stay, better get your overcoats, Mackinaws and sweaters from the Hicks Trading Co. We have just received a fine assortment in these lines.

On Friday of last week Raymond Sweet, a young lad of this town, had his both feet badly frozen. For a time it was thought he would have to have them amputated. He was taken to the Medicine Hat hospital but was able to return home this week and is now greatly improved. Fortunately he did not have to have the feet amputated.

CHURCH NOTICES

CHURCH OF ENGLAND. Twenty-first Sunday after Trinity. Holy communion 11 a. m. Sunday school at 12:15 p. m. Evening prayer 7:30 p. m.

PRESBYTERIAN CHURCH. Rev. Wm. Shearer, D. D. pastor. Residence next door to the church. Services as usual next Sunday morning and evening at 11 a. m. and 7:30 p. m. Sunday school as usual at 12:15.

CHURCH OF THE BRETHREN. Sunday school at 10 a. m. Preaching at 11 a. m. and 7:30 p. m.

Rev. David Hollinger, pastor.

CATHOLIC CHURCH. Until further notice services will be held in Crowe's hall on the fourth Sunday of each month.

IN MEMORIAM. In memory of our dear little friend, Nora Timmuth, who died in Vancouver on Nov. 6th, 1918. "Suffer little children to come unto Me".

MRS. KITCHEN.

The Review is only \$1.50 a year to any part of Canada.

At the evening service in the Presbyterian church last Sunday evening E. O. Elack, who represented the town at the convention in Winnipeg, called for the purpose of devoting ways and means of building up character in the rising generation, gave a report on the proceedings of the convention. The report covered the ground thoroughly and proved most interesting.

Amuse-U Theatre

PROGRAM

For week commencing Nov. 10th. Monday and Tuesday we will have June Caprice in THE HEART OF ROMANCE

Prices as usual for this picture. Wednesday and Thursday, 12-13, we are going to give the people of Redcliff a chance to see great Harvard Prize Play, 7 reels. (special)

COMMON CLAY

Starring Fannie Ward. This is Fannie Ward's very best play. Prices for this picture, children, 15c-25c; adults 35c.
